Autumn Term Newsletter 2018

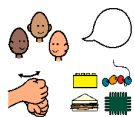

Welcome to the NOVIO Autumn Term 2018 newsletter.

On 13th November Novio facilitated a 'Professional Learning Walk' at Barnham School for colleagues from mainstream settings, and other professionals. This was free opportunity to see how inclusive practice is working in a mainstream setting with an SSC. Classes were open for professionals to visit from 9.30-10.10, and from 11.00-12.00. Professionals from 3 different settings attended the Professional Learning Walk. Everyone who attended took away very positive messages about inclusive practice.

NOVIO commissioned a 'Clicker7' course at St Anthony's School on 22nd November. This was attended by professionals from 3 different settings.

NOVIO commissioned a 'Play Well' based on Lego Therapy course at St Anthony's School on 11th December. This was attended by professionals from 12 different settings.

www.noviosupport.org The Novio website has had a complete refresh and update. We hope you are able to find things more easily and like the new layout. All the relevant information has been transferred from the old website and we have added some new information. Please let us know if there is anything else we can add from your settings point of view. We are always happy to sign post and share best practice for Area A.

The website contains both a **Professional Portal** which you can direct your colleagues to, and a **Parental Portal** which you can direct your families to.

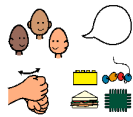

The Local Authority's 'Project 3', aimed at developing and supporting children and young people with **Social, Emotional and Mental Health** needs has been very successful with 11 settings participating. The findings have been published on the Novio website. Project 3 contains several anonymous case studies and tips for you to take back to your settings.
