### Spring Term Newsletter 2018

Welcome to this term's newsletter. We hope that this is a useful overview on the work of Novio this term, along with a picture of what Novio hope to offer in the coming months.

In January Novio facilitated a 'Professional Learning Walk' at St Anthony's School, for colleagues from mainstream settings, and other professionals.

The 'Professional Learning Walk' provided an opportunity for visitors to have an insight into a SEND setting. They had the opportunity to learn new strategies and use specialist equipment and resources, which they could then implement within their own settings.

Novio received some very positive comments: *"very informative, found Little Group / Attention Autism very useful with lots of practical ideas."*

34 professionals from 11 different settings attended the 'Professional Learning Walk'. Many expressed that they were eager to return for future events. It was a free event and further 'Professional Learning Walks' will be taking place at other SEND settings throughout the coming year.

Fordwater School will be hosting the next 'Professional Learning Walk', open to all professionals, on 13<sup>th</sup> June 2018, 4:00 – 5:30 pm. A Novio flyer will follow advertising this exciting event.

Is your setting interested in joining other professionals to support the Local Authority's

'Project 3', aimed at developing and supporting children and young people with social, emotional and mental health needs? If so, please email Novio at

[novio@fordwatersch.co.uk](mailto:novio@fordwatersch.co.uk). Also, further information can be found on the Novio website – [www.noviosupport.org](http://www.noviosupport.org)

Presently, Novio would like to invite all professionals to an upcoming 'Clicker7' course on Monday 14<sup>th</sup> May 2018, 4:00 – 5:30 pm, at St Anthony's School. The information for this course is attached to the email alongside this newsletter. Please don't delay in securing your place, as this is really a wonderful opportunity to consider how to develop resources for individuals within your setting.

The Novio website continues to be updated on a weekly basis. We hope you are still finding it useful. Please remember to check the website regularly for information. There is both a Professional Portal which you can direct your colleagues to, and a Parental Portal which you can direct your families to.

Novio will be advertising upcoming events for the next Academic Year during the Summer Term, in order for settings to be able to consider these dates within their setting's calendar.

Novio would like to wish you a Happy Easter and enjoyable break, and look forward to working with you all during future events.
